SCHOOL GYMNASIUM

The Wellington Catholic District School Board acknowledges that the school is an integral part of the community and as such it adds to the spiritual, educational, recreational, and social development of all who share it. Guides, Scouts, fitness, basketball, soccer, volleyball, baseball, zumba etc. are a sample of programs currently in place at various schools.

The Wellington Catholic District School Board with financial support from the Ministry of Education has developed a Community Use of Schools program that supports access to school space outside of school hours for **not-for-profit** community groups. Facilities are not available for community use during Christmas, March and Summer Breaks, Professional Development Days, holidays, Spiritual Development Day, Inclement Weather, etc. Check with your community use coordinator to confirm availability.

In considering requests for Community Use of Board-owned facilities, the Board shall not compete with private or municipally owned facilities where such are readily and reasonably available. The onus shall be on the applicant to show that alternate private or municipal facilities are not readily and reasonably available.

The Board's facilities are used in the best interests of the community, when they are not required for school, parish or board use, but such use must not result in any additional costs to the Wellington Catholic District School Board.

HOW TO BOOK A SCHOOL

The Board's online system has streamlined the registration process for all users. First you must create an account in our database and once approved you will receive an email.

Schools/Board/Parish has first rights to all facilities and can alter an existing user's approved permit if required. Use of school facilities must be approved through the online system. If schools are closed, all community use of facilities will be canceled.

The Wellington Catholic District School Board policy has a tiered approval system. When a community group submits a new permit request, the permit will first go to the community outreach coordinator (CUOC) for an initial overview. Once the outreach coordinator has done an initial approval of the permit, it will be passed along to the school for review. Both the principal and secretary will receive an email to notify them that a new permit is awaiting their approval. They will be assigned 3 days to either "Support" or "Not-Support" a permit. Once a permit is supported, it is passed back to the community outreach coordinator for final overview, additional cost application, and final approval. Allow two weeks for processing of any permit.
